November 28, 2016

Dear Sir or Madame:

The Eskasoni Teachers' Union would like to offer its support during this difficult time.

As teachers, we understand the importance of working to improve classroom conditions so that teachers can teach and students can learn in a safe and productive space.

As union members, we understand the importance of standing up to an employer who is bargaining in bad faith and attempting to impose conditions rather than negotiating them.

It is a difficult stand you are making, but a very important one. Know that we stand with you during this fight.

In Solidarity,

Jonathan Cox
President, PSAC Local 80510
